

AccessPack Application Kits

Crane Radio Kit – 1 (APP100)

Part No.:	APP100
Input voltage:	5-10VDC
Inputs:	E-Stop Heartbeat
Outputs:	1 logic level 1 open collector (100mA)
Applications:	Battery powered equipment
Dimensions of interface board:	N/A - Wiring harness only

Crane Radio Kit – 2 (APP101)

Part No.:	APP101
Input voltage:	5-10VDC
Inputs:	E-Stop Heartbeat
Outputs:	1 logic level 1 open collector (100mA)
Applications:	HBC Spectrum Remote Control
Dimensions of interface board:	N/A - Wiring harness with E-Stop switch only

Crane Pendant Kit (APP102)

Part No.: APP102
Input voltage: 12-240 VAC/DC
Inputs: E-Stop
Outputs: 2 Relays (0.5A)- EStop and Start
Applications: Crane Pendants
 Small fixed equipment
 (presses, lathes, coffee machines etc)

Interface board size (L x W x H): 54 x 40 x 25mm

Vehicle Kit (APP103)

Part No.: APP103
Input voltage: 8-36 VDC
Inputs: E-Stop
 Heartbeat
Outputs: 1 relay, NO/NC (10A)
Applications: Forklifts
 Light vehicles
 PLC based equipment

Interface board size (L x W x H): 66 x 49 x 36mm

Door Kit (APP105)

Part No.: APP105
Input voltage: 7-24 VDC
Inputs: None
Outputs: Door Strike Interface
Applications: Doors to store rooms, tool stores, hazardous equipment boxes etc
 (Lock supplied separately.)

Dimensions of interface board: 51 x 19 x 11mm

Fixed Equipment Kit (APP106)

Part No.: APP106
Input voltage: 24-240VAC
Inputs: EStop
 Start
Outputs: 2 x 440V, 16A solid state relays
Applications: Large fixed equipment
 Hydraulic power packs
 Break out machines
Dimensions of interface board: 89 x 60 x 43mm

Fixed Equipment Kit in Case (APP107)

Part No.: APP107
Input voltage: 24-240VAC
Inputs: None
Outputs: 2 x 440V, 16A solid state relays
Applications: Large fixed equipment
 Hydraulic power packs
 Break out machines
Dimensions of interface board: 120 x 80 x 103mm

PC Kit (APP108)

Part No.: APP108
Input voltage: 5VDC (USB)
Inputs: None
Outputs: None
 (Software controls outputs)
Applications: PCs
 CNC Machines
Dimensions of interface board: 65 x 25 x 14mm

AccessPack Manager Software License (APL100)

Reader kit is supplied with the first year's subscription.

Part No.: APL100

AccessPack Cards (APC100)

Programmable RFID card for use with AccessPack.

Part No.: APC100

Note: Custom artwork can be arranged at no additional cost although minimum order quantities apply.

Link-2 USB Bluetooth Modem (LINK2)

Long range USB Bluetooth modem for configuring Sole Digital devices using a laptop computer (laptop not supplied).

Part No.: Link-2

AccessPack Dual Card Holder & Lanyard Set (APCH10)

Card holder for 2-3 cards that are locked in place by a semi-removable tab. Comes with a lanyard.

Part No.: APCH10
